Re: #11ITB78282K-DB
Oracle Primavera Software Application for Library Construction Management

Dear Bidders:

Attached is one (1) copy of Addendum 2, hereby made a part of the above referenced #11ITB78282K-DB; Oracle Primavera Software Application for Library Construction Management.

Except as provided herein, all terms and conditions in the ITB referenced above remain unchanged and in full force and effect.

Sincerely,

Darlene A. Banks

Darlene A. Banks,
Assistant Purchasing Agent

ACKNOWLEDGEMENT OF ADDENDUM NO. 2

The undersigned bidder acknowledges receipt of this addendum by returning one (1) copy of this form with the bid package to the Purchasing Department, Fulton County Public Safety Building, 130 Peachtree Street, Suite 1168, Atlanta, Georgia 30303 by the ITB due date and time ***Monday, May 23, 2011*, 11:00 A.M.**

This is to acknowledge receipt of Addendum No. 2, _____ day of _____, 2011.

Signature of Authorized Representative

_____
Title

This Addendum forms a part of the contract documents and **modifies** the original ITB documents as noted below:

Questions & Answers:

Question: On the Section 11 Pricing Form, there is a line item requesting pricing and recommended quantity for Web Services. Can you please explain your vision of how you see Web Services being used; i.e. for integration work or extending P6 data (for example to SharePoint)? And also, do you know how many users that you envision being "touched" or using the web service data?

Answer: The Web Services feature will be used by Fulton County employees and vendors contracted to perform work associated with County capital projects (captured in the number of P6 and CM licenses, Section 11 Pricing Form) to access all Primavera software functionality outside of the County network. This service will also be used to communicate with appropriate County executives by providing rollup dashboards and summary reports. Integrating P6 data into other applications such as SharePoint will be required. In addition to those users previously identified (P6 and CM licenses, Section 11 Pricing Form), 25 other users will use these services for purposes such as, reviewing project performance, reviewing scheduling updates, reviewing financial information, monitoring key performance indicators (KPI's) and forecasting.

Question: Would the county consider using an existing agreement or a state agreement, to the extent there is one?

Answer: No.

Question: Would the county be willing to withdraw the requirement in Section 27 ["[by submitting a signed Bid, Bidder agrees to accept an award as a result of that Bid under the terms and conditions spelled out in the Bid documents."] and be willing to negotiate terms and conditions with the winning bidder or use an existing or a statewide agreement to the extent that one exists between the bidder and the county?

Answer: No, per Section 27(l); Bid General Requirements – The terms and conditions of this contract are non-negotiable.

Question: Would the county consider extending the time to sign the contract in Section 21 to 30 business days?

Answer: No, per Section 21; Execution of Contract Documents, within fifteen (15) days after receipt the Contractor shall return all the documents properly executed by the Contractor and the Contractor's surety. Attached to each document shall be an original power-of-attorney for the person executing the bonds for the surety and certificates of insurance for the required insurance coverage.
