Fig. 9. Percent Complete Vaccination and COVID-19 Case Rate (per 100,000 population) by Census Tract

How to interpret these colors: The darker the blue, the better. The upper most blue box indicates low COVID-19 case rates and high vaccination coverage. Red is not ideal as red indicates high COVID-19 case rates and low vaccination coverage. Colors in between indicate varying combinations of COVID-19 case rates and vaccination coverage. COVID-19 case rate reflects new COVID-19 cases diagnosed between August 2nd and August 29th, 2021 across Fulton County.
