6. QUESTION:

I also had a concern with the statement in Section 6 (Purchasing Forms) "This section **does not** contain all forms required to be included with the bid package submittal" If it does not include all forms could you please send me all the forms that will be needed to make bid responsive. The statement above make me worry that I might be leaving something out if you have not included all forms for us.

RESPONSE:

All the forms that need to be submitted are in the solicitation document. Section 6, Purchasing Forms, is for the forms that reference Purchasing. There are other forms in the document that need to be submitted with your bid. Please read Section 1, Instructions to Bidders and use the Bid Submittal Check Sheet as a guide. As I stated, the Disclosure Form and Questionnaire will not be used in this solicitation.

7. QUESTION:

It is stated that the contract is ongoing for 1095 days while the work shall be completed in 273 days. What reason do you want the contract to go that much longer?

11. QUESTION:

Are subcontractor affidavits required to be submitted at the time of the bid since we have not been awarded the project as of yet? It says in the checklist they are but we are usually never required to turn them in until awarded the project.

RESPONSE:

Yes, subcontractor affidavits are to be submitted with your solicitation.

12. QUESTION:

The requirement for contractors license is in the package. As has been discussed at several bid openings before, this requirement does not apply to transportation work. It was meant for buildings. Please revisit that and see if that can be removed from the package. Transportation requires GDOT pre-qualification only.

RESPONSE:

A General Contract's License is not required with this solicitation/project.

20. QUESTION:

Will weekend work be permitted?

RESPONSE:

Yes.

21. QUESTION:

In the pre-bid meeting it was stated that a General Contractor's License is required for this project however, according to the Secretary of State's office it is not required for heavy construction. Under O.C.G.A § 43-41-17 it states that exempted contractors can submit a copy of their GDOT certificate of qualification in lieu of such a license. Please verify.

RESPONSE:

A General Contractor's License is not required with this solicitation/project.

22. QUESTION:

The area where the sidewalk is indicated to be removed will leave a void. Will the backfill material for the void be paid for as a part of the GAB line items or will the contractor have to take them into account separately?

RESPONSE:

The area where the sidewalk is being removed also has a replacement sidewalk quantity. Therefore, any required refill material, underneath the proposed sidewalk, would be included in the cost for the sidewalk. The grading will be included in the price bid for the Grading Complete.
