Submitted by: Ron Nollner
Pneumatic Concrete Co., Inc.

QUESTION: With regard to the above mentioned request, according to Scope of Work, on pages 4 & 5 of the advertisement, is the cementitious lining required on all surfaces of the manhole or only the areas requiring repair?

RESPONSE: **We only need to repair the areas which are damaged; not the entire structure.**

Submitted by: Carl Dawe
Strong-Seal Systems

QUESTION: Thank you for the site visit opportunity this morning. I feel there are two issues that should be addressed: 1) Confirmation of the scope of the project- the number and size of the manholes and the guidelines for the rebuilding of the bench and inverts. 2) The contractor's responsibility in the restoration of the golf fairway after the buried manhole is rehabilitated.

RESPONSE: **There is only one (1) manhole; the contractor will be responsible for restoring the areas which is destroyed during the repair.**
