SECTION A

Department: **Health & Wellness**

Department Contact: **Ruby Lewis-Hardy**

Description of Supplies/Services: *The Accu-Probe Neisseria Gonorrhoea kit used by the laboratory to confirm N. Gonorrhoea infection is manufactured by Gen-Probe.*

Demonstration of Contractor’s Unique Qualifications:

Fulton County Department of Health and Wellness performs examination on clients with Gonorrhoea. The kits are used to determine if the client has gonorrhoea. Gen-Probe is the only company who makes the kits and utilizes proprietary technology, including technology contained in but not limited to one or more of the following products that were developed and qualified to be used with the tests. Gen Probe assays have been validated by using Gen-Probe instruments such as LEADER 50 and LEADER 450 Luminometers. The firmware in these instruments is necessary for the running of these assays and is unique to Gen-Probe. Gen-Probe does not sell through dealers or distributors in the U.S. and sales are made direct to the end user only. Therefore, Gen-Probe is the sole source of this firmware.
