ADDENDUM #2
BID # 06ITB47375YB
Laptop Computers
Fulton County, Georgia

November 8, 2005

Dear Vendors:

This addendum is in reference to Invitation to Bid Number 06ITB47375YB, for furnishing the Fulton County Information Technology Department with laptop computers.

This addendum is for the purpose of answering questions from interested vendors:

1. On page 32...#28; what do you mean by Disk Image Supplied by Fulton County? –**The specification reads: Disk Image supplied by Fulton County must be factory installed on all units—so we at Fulton County supply the image for the hard drive on all our machines and the responding vendor must be able to make this happen for us so when the machines get to us they already have our image**
2. Second, #29; About the Microsoft windows XP licensing. We cannot sell you one Copy of windows XP to install on 200 computer systems. The correct way to go about this is to purchase on OS cd per computer or to purchase the Microsoft windows XP volume license which I believe includes about 250 licenses for this software. Meaning you get one CD with one product key which has a maximum of 250 activations so that you can install on multiple computers. **The specification reads that an OS must qualify for upgrade to our Enterprise license agreement that we have with Microsoft, so you must be able to provide machines with an OS that we can upgrade without any concerns.**
3. Will you allow vendors to quote a laptop with 3 USB ports? **Specification requires that the model have 4 USB ports.**

Note: If you have already submitted your bid response and you do not wish to make any changes, you may return this addendum only.

The undersigned bidder acknowledges receipt of this addendum by returning a signed copy by the due date and time. Failure to return a signed copy of this addendum could render your bid non-responsive.

Except as provided herein, all other terms and conditions in the bid referenced above remain unchanged and in full force and effect.

Cordially,

Brian Richmond
