**Halon\* - Price for Halon or Halon replacement.**

**Inspection and Maintenance charges**

**Note:** Minimum charges are applicable where quantity of fire extinguishers in one

facility is not large enough to justify the set up and transportation charges. The vendor will be required to state what the minimum charges are.

49. Minimum flat charge for visit = \$ \_\_\_\_\_ **lump sum** (irrespective of the actual quantity inspected)
50. Maintenance Charges **for quantities 49 and less** = \$ \_\_\_\_\_ per cylinder
51. Maintenance Charges **for quantities 50 and above** \$ \_\_\_\_\_ **per cylinder**

Inspection Charges will be calculated as shown in the example below. Vendors are requested to make sure that they understand the procedure before quoting the price. Fulton County will not entertain any dispute based on poor understanding of the procedure.

**Example:**

Minimum Charges quoted: \$ 30  
 Inspection Charges for quantities 49 and less - \$ 3.5  
 Inspection Charges for quantities 50 and above - \$ 2.5

1. A facility has only three (3) extinguishers:  
 The inspection charges will be \$ 30 plus  $3 \times \$ 3.5 = \$ 40.5$
2. A facility has sixty (60) extinguishers:  
 Inspection charges will be \$ 30 plus  $60 \times \$ 2.5 = \$ 180$

(Inspection Charges = Minimum Charge + (Quantity x Rate per cylinder))

Note: the quote for refill/recharge shall include all costs associated with parts, ties, tags, labels, haz-mat charges, transportation charges and labor charges.

Fulton County estimates there are approximately fifteen hundred (1500) fire extinguishers located in the facilities shown in the buildings by the zone. Roughly sixty five percent (65 %) are A.B.C, ten (10) lbs. type.
