SECTION A

Department: *District Attorney*

Department Contact: *Tamikia Moses*

Description of Supplies/Services: *UFED Forensic System*

Demonstration of Contractor's Unique Qualifications:

Cellebrite USA is the sole developer and provider of the UFED (Universal Forensic Extraction Device) Forensic System as well the exclusive provider of mobile synchronization systems. The Cellebrite UFED System is the only hand-held, cellular exploitation device worldwide that requires no PC or associated phone drivers. Cellebrite's competitive advantage is its extraction speed, intuitive user interface that is operable with little to no training. The use of this mobile forensic system by the District Attorney's Office is for the purpose of extracting cell phone data to be potentially used as evidence in various cases. If this item is not approved, the prosecution of certain cases would be negatively impacted and possibly unsuccessful.
