Addendum No. 4  
Page Two**

This Addendum forms a part of the contract documents and **modifies** the original RFP documents as noted below:

**The following questions were posed of the aforementioned ITB project:**

**QUESTION 1:** I need further clarification on section 1 Instructions to Bidders, page 9 of 14 Paragraph 22. JOINT VENTURES; Since T-Mobile has acquired METRO PCS is it necessary to submit binding documents? We operate under the T-Mobile name and all authorized entities are the same. I want to make sure we are in compliance with this section.

**ANSWER 1:** Please see addendum 3, answer number 33.

**QUESTION 2:** Section 3 Page 10 of 15 you are requesting a travel charger. Each new handset comes with a charger. Are you requiring an additional charger for the device?

**ANSWER 2:** No, we are only asking for the initial travel charger.

**QUESTION 3:** Also do you need new ear pieces for each handset or can some of the users have their own to use with the new devices? T-Mobile has a 3<sup>rd</sup> Party vendor that will but back your equipment to off- set the cost of the accessories. Is this an option that Fulton County would be willing to do?

**ANSWER 3:** Each device is required to come with a new handset.

**QUESTION 4:** Since T-Mobile will provide our best offer and solution for Futon County the awarding of the RFP will encompass all smart & basic phones (voice) and Mobile broad Band devices to one carrier?

**ANSWER 4:** The bid will be award to the lowest, responsive and responsible qualified bidder.

**QUESTION 5:** Regarding the device mix moving from Blackberry to Android, is it the intent of Fulton County;

- To get the best device available S4 at no cost or
- To get the best device S4 (device cost involved) to get the lowest MRC (monthly recurring charge) possible?

**ANSWER 5:** Fulton County seeks to obtain the lowest cost possible for both services.

**QUESTION 6:** What is the Make and Model of your Laptops that need these Gobi Card Connections? Please include the long model number.

- a. Example of a long model number (Panasonic): CF-31AGQKA1M
2. What is the Model number of the Gobi Modules that you have today?

- b. Example of Gobi Model Numbers: MC8355 or EU860
- 3. What is the Serial Number on the Gobi module that you use today?

**ANSWER 6:**

Make	Model	Serial Number
Telluar Hub	1C02A177	E682219A, E6828245, E6822210, E6822170, E68221E6, E68281CD, E682297B
