SECTION 1 INTRODUCTION

1.1 PURPOSE

The services being sought under this Request for Proposals (RFP) are professional in nature. The evaluation of the proposals will be based on consideration of the demonstrated responsiveness to RFP criteria. To be considered, Proposers must possess and be prepared to provide expertise, resources and personnel experienced in the various phases, means and methods of facility master planning for the purpose of developing a building program for the Fulton County Government Jail Complex. Services shall include, but not be limited to, verification of user department goals and objectives, pertinent demographics research and analysis relative to these goals and objectives, facilities planning, and construction cost estimation. The selected company's owners/principals, staff and consultants will work directly with both the Department of General Services, who will manage the project, and the staff from the Sheriff's Department, which is the customer to be served.

Proposals provided in response to this RFP that comply with the submittal requirements set forth in Section 4.0, including all forms and certifications, will be evaluated in accordance with the criteria and procedures described in Section 5.0. Based on the results of the evaluation, the County will award the [insert project description here] to the most advantageous Proposer based on the cost and the evaluation factors set forth in the RFP.

1.2 DESCRIPTION OF THE PROJECT

The project involves reviewing historical and current jail data, including inmate population projections, current programs, inmate case processing and alternative programs to incarceration, examining construction and renovation options, and estimating construction and operating costs.

The Plan will provide Fulton County with data and information necessary to make both short and long term programmatic, construction, and budgetary decisions concerning jail operations and judicially-related functions and activities. The Plan will project a 20-year development strategy broken down into 5-year increments at the Jail Complex.

1.3 BACKGROUND

In January 2006, the Board of Commissioners approved a study to consider the needs assessments and planning criteria to meet current and future adult jail capacity requirements. The Long-Term Feasibility Study, conducted by The Facility Group, was completed in November 2006 and is the starting point for developing the master plan.

Historically the Fulton County Jail has experienced overcrowding resulting in a number of federal lawsuits. The Fulton County Jail has a design operating capacity of 1,440 inmates. The jail has previously housed more than 3,000 inmates by double and triple bunking cells and placing bunks in dayrooms. Fulton County settled the latest lawsuit and is under Consent Order mandating the main jail remain at or below capacity. Due to this mandate, the Sheriff is outsourcing approximately 500 inmates to jails within the state.

Another condition of the settlement mandates improving the living conditions within the Jail by repairing and upgrading the mechanical, plumbing and elevator services. A contract was awarded to Johnson Control Incorporation and the work is in progress with a scheduled July 2009 completion.

The Fulton County Sheriff's Office currently operates four (4) facilities for the housing of inmates – a main jail, two (2) jail annexes located in close proximity to the main jail, and a facility in the northern part of Fulton County.

The four (4) detention facilities have a combined capacity of 2,250 beds. During the year 2005, there were 43,988 admissions and 43,824 releases.

In an attempt to gain a better understanding of the problems in the jail and to project future requirements, The Long-Term Feasibility Study examined the following activities in response to the County's request:

- Overview of the Criminal Justice System
- Inventory and assessment of the current jail facilities
- Data gathering and analysis including historical data spanning a ten (10) year period
- Projecting and describing future inmate populations by classification categories
- Forecasting capacity requirements for the next twenty (20) years at five (5) year increments
- Formulating recommendations to alleviate overcrowding
- Provide useful programming suggestions
- Project space and operational requirements for jail space
- Projected facility costs
- Projecting operational costs
- Prepare a Needs Assessment Report

Fulton County, on behalf of the Sheriff's Office, is now proposing to develop a Comprehensive Master Plan (the Plan) for the Fulton County Jail Complex. The Plan is a process of identifying long-term priorities and goals of the jail operation and related functions and translating those priorities and goals into efficient and effective land use, facilities and infrastructure. The Plan is also a product translating the jail's mission into plans for facilities, projects, programs, and policies within the boundaries of the Jail Complex.

1.4 COUNTY OBJECTIVES

The following are the County Objectives for this project:

- A. Validate jail inmate population projections.
- B. Identify and analyze space requirements for current jail operations and support functions located in the Low-Rise Building.
- C. Identify and analyze space requirements for new or enhanced diversion programs for the mentally ill, homeless and persons with substance abuse problems.
- D. Identify and analyze space requirements for new or enhanced criminal justice systems, such as video visitation and hearings.
- E. Recommend short-term space utilization and construction options to meet existing requirements.
- F. Recommend long-term space utilization and construction solutions to meet future requirements.

15. The successful Offeror must assume full responsibility for providing warranty service on all goods, materials, or equipment provided to the County with warranty coverage. Should a vendor be other than the manufacturer, the vendor and not the County is responsible for contacting the manufacturer. 20. By submitting a signed proposal, Offeror certifies that there has been no collusion with any other Offeror. Reasonable grounds for believing Offeror has an interest in more than one proposal will result in rejection of all proposals in which the Offeror has an interest. Any party to collusion may not be considered in future proposals for the same or similar work.
21. Upon notice of selection, the Offeror submitting the proposal is obligated to perform. Should a successful Offeror refuse to enter into a contract subsequent to an award, a penalty may be assessed and/or the Offeror may be found to be "non-responsible" in the future.
22. In case of default by the successful Offeror, Fulton County may procure the articles or services from another source and hold the successful Vendor responsible for any resultant excess cost.
23. Successful Offerors contract directly with the County and are the party or parties obligated to perform. Contracts may not be assigned and any failure to perform the Contract in accordance with the specifications will constitute a breach of contract and may result in an Offeror being found to be "non-responsible" in the future.
24. Invoice(s) must list each item separately and must show Fulton County's purchase order number as well as the proper department and address to whom the service or product was provided.
25. Fulton County reserves the right to accept or reject any or all proposals, or any part thereof, and to waive any technicalities. Fulton County reserves the right to award a contract based on this RFP and the proposal(s) received (in whole or in part) to one or several Vendors.
26. Awards will not necessarily be based on cost alone. Other factors, as detailed in the RFP, will be considered in determining what proposal will be deemed to best meet the needs of Fulton County.

Prior to beginning any work, the successful Offeror shall furnish to Fulton County (for the contracting firm and for any subcontractors) a certificate from an insurance company showing issuance of Workers' compensation coverage for the State of Georgia or a certificated from the Georgia Workers' Compensation Board showing proof of ability to pay compensation directly.

INSTRUCTIONS FOR CERTIFICATION

By signing and submitting this certification, the Offeror is providing the certification set out below:

DEBARMENT ORDINANCE

The following Section 2-322 of Fulton County Code of Laws establishes the procedure for the debarment of contractors.

(a) *Authority to suspend.*

After reasonable notice to the entity involved and reasonable opportunity for that entity to be heard, the Purchasing Agent, after consultation with user department, the County Manager and the County Attorney shall have the authority to suspend an entity for cause from consideration for award of county contracts. As used in this section, the term entity means any business entity, individual, firm, contractor, subcontractor or business corporation, partnership, limited liability corporation, firm, contractor, subcontractor or business structured; provided, further, that any such entity shall also be subject to suspension under this section if any of its constituents, members, subcontractors at any tier of such entity's and the entity, or any constituent or member, knew or should have known of the commission of the act. The suspension shall be for a period not to exceed three (3) years unless cause is based on a felony conviction for an offense related or associated with fraudulent contracting or misappropriation of funds wherein the suspension shall not exceed seven (7) years.

(b) *Causes for Suspension.* The causes for suspension include:

 - 4) Violation of contract provisions, as set forth below, of a character which is regarded by the Purchasing Agent to be so serious as to justify suspension action:
 - a. Failure to perform in accordance with the specifications within a time limit provided in a county contract;
 - b. A recent record of failure to perform or unsatisfactory performance in accordance with the terms of one or more contracts; provided, that failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor shall not be considered to be a basis for suspension;

SECTION 6

CONTRACT COMPLIANCE REQUIREMENTS

6.1 NON-DISCRIMINATION IN CONTRACTING AND PROCUREMENTS

It is the policy of Fulton County Government that discrimination against businesses by reason of the race, color, gender or national origin of the ownership of any such business is prohibited. Furthermore, it is the policy of the Board of Commissioners ("Board") that Fulton County and all vendors and contractors doing business with Fulton County shall provide to all businesses the opportunity to participate in contracting and procurement paid, in whole or in part, with monetary appropriations of the Board. Similarly, it is the policy of the Board that the contracting and procurement practices of Fulton County should not implicate Fulton County as either an active or passive participant in the discriminatory practices engaged in by private contractors or vendors seeking to obtain contracts with Fulton County.

Equal Business Opportunity Plan (EBO Plan): In addition to the proposal submission requirements, each vendor **must** submit an Equal Business Opportunity Plan (EBO Plan) with their bid/proposal. The EBO Plan is designed to enhance the utilization of a particular racial, gender or ethnic group by a bidder/proposer, contractor, or vendor or by Fulton County. The respondent **must** outline a plan of action to encourage and achieve diversity and equality in the available procurement and contracting opportunities with *this solicitation*.

The Plan **must** identify and include:

2. Efforts that will be made by the bidder/proposer to encourage and solicit minority and female business utilization in *this solicitation*. (Ex: media solicitation directed to M/FBEs, contacting Fulton County certified M/FBEs listed in the M/FBE Directory, etc.)

Fulton County encourages joint ventures, teaming, partnering and mentor-protégé relationships with minority and female businesses in an effort to achieve contracting and procurement diversity.

Prompt Payment: The prime contractor **must** certify in writing and **must** document on the Exhibit G Form (Prime Contractor/Subcontractor Utilization Report) that all subcontractors, sub-consultants and suppliers have been promptly paid for work and materials, (less any retainage by the prime contractor prior to receipt of any further progress payments). In the event the prime contractor is unable to pay subcontractors, sub-consultants or suppliers until it has received a progress payment from Fulton County, the prime contractor shall pay all subcontractors, sub-consultants or suppliers funds due from said progress payment within forty-eight (48) hours of receipt of payment from Fulton County. In no event shall a subcontractor, sub-consultant or supplier be paid later than fifteen (15) days as provided for by state law.

6.2 REQUIRED FORMS AND EBO PLAN

In order to be compliant with the intent and provisions of the Fulton County Non-Discrimination in Purchasing and Contracting Ordinance (99-0960), bidders/proposers **must** submit the following completed documents.
