07RFP00021YB-CL "Oracle Licensing and Support  
**Addendum No. 2**  
**Page Two**

This Addendum forms a part of the contract documents and **modifies** the original RFP documents as noted below:

**The following question was posed against the aforementioned RFP:**

**Question #1:**

In Section 3.3.1 General, the RFP states that the County anticipates needing a minimum of 5 full time position equivalent (FTE) professionals (1 FTE for 1 year = 1920 hours). However, Exhibit 3A in the RFP lists only a total of 288 hours for all 5 employees combined for the first year (24, 24, 40, 80, 40, and 80). Please clarify.

**Answer #1:**

Section 3.3.1 describes requirements for positions providing **Database UNIX Administration**. Exhibit 3A provides **estimated anticipated requirements** for Oracle licensing, Oracle training products, and Oracle consulting services (in addition to those described in Section 3.3.1). Please refer to item 3.3.2.2 Additional Requirements for Oracle Products for a description of these requirements. Section provided below.

**3.3.2.2 Additional Requirements for Oracle Products**

Fulton County requires the capability to acquire **Oracle provided Consulting services and Oracle provided training** as demands for services dictate based on changing application requirements. These requirements will be determined by demands for application and product support over the life of the award. The list and quantities of Oracle training products and consulting services, projected to be utilized for the next 5 years is included in ***Exhibit 3A - "Oracle Licensing List"***. Volumes of are based on estimates of anticipated projects and requests for services and **are not to be construed as a guarantee for actual amounts to be purchased** as a result of an award of this RFP. The County reserves the right to purchase as much volume as may be required for operational purpose or none at all, based on operational requirements and funds availability.
