Procurement Award • National Purchasing Institute

**Sanitary Sewer Easement Maintenance
Addendum No. 2
Page Two**

This Addendum forms a part of the contract documents and **modifies** the original ITB documents as noted below:

Clarification:

Section 01025, Item 1.06, Page 152; Replace the last sentence with "Removal of items or relocating them to a location specified by the owner is also included under demolition."

Site Visit:

A site visit will be held at **9:00 A.M. Friday, December 13, 2013 at 4810 Old Alabama Road, Johns Creek, GA 30022.**

Question: On page 4 of the invitation to bid, the scope of work states to clear ROW of structures. What types of structures are to be cleared?

Answer: Structures encountered on existing easements may vary from pools, kid's swing sets, decks, tennis courts, fences, etc.

Question: On the price sheet it shows square feet for the fence. I think you guys meant to use linear feet. If not please let me know.

Answer: The units for measurement for bid items 8 and 9 are correctly indicated as square feet (SF).

Question: The document does not state what height the fence needs to be. Would you please let me know because that makes a huge difference in pricing?

Answer: Because this contract is for sanitary sewer easement maintenance, the heights of existing fencing are unknown and may vary. As result the unit of measurement utilized in the bid is square feet.

Question: Will gate installation be just a gate and two posts or will there be sections of fence on each side of the gate?

Answer: Bid item 10 is "Installation of 10-Ft Wide Gate on Existing Fence." This includes industry standard installation (i.e. all labor and materials necessary for

complete installation) of a 10-ft wide gate on an existing fence based on its material classification.

Question: What is the annual budget amount for Sanitary Sewer Easement Maintenance?

Answer: The Water Resources Department does not release budget information on projects.

Question: What were the average lineal feet/miles cleared for the last two years?

Answer: The previous contractor cleared approximately 120 miles in 18 months.

Question: How many miles of easement per year do you expect to clear?

Answer: Please refer to the previous answer.

Question: The previous bid was for three years. Why is the contract being re-bid after the second year?

Answer: The previous contractor completed all of the budgeted work in 18 months.

.

ACKNOWLEDGEMENT OF ADDENDUM NO. 2

The undersigned proposer acknowledges receipt of this addendum by returning one (1) copy of this form with the proposal package to the Department of Purchasing & Contract Compliance, Fulton County Public Safety Building, 130 Peachtree Street, Suite 1168, Atlanta, Georgia 30303 by the ITB due date and time **December 20, 2013, 11:00 A.M.**

This is to acknowledge receipt of Addendum No. 2, _____ day of _____, 20__.
