The ACT requires filing a CCDR for the period ending June 30, 2015.

The CCDR should be filed with the Election Superintendent in the county of election between June 30, 2015 and July 8, 2015, to avoid automatic late filing fees.

The end of the file period is **June 30, 2015**

Information on the CCDR must reflect all activity or lack of activity through this date.

There is a **5-day Grace Period** after the end of the file period. The grace period ends on **July 8, 2015**. The CCDR must be filled by this date to avoid automatic late filing fees.

A filer whose CCDR is filed **after** the end of the grace period has expired is in violation of the law and subject to late filing fees.

The June 30, 2015 CCDR is **late** if it is filed after July 8, 2015, and a **\$125.00 automatic late filing fee** is imposed upon the filer for each report that is filed late between **July 9 – 14, 2015**.

If the CCDR has still **not** been filed by **July 15, 2015**, an **additional \$250.00 late filing fee** is imposed upon the filer for each report that is filed late.

Failure to file the CCDR by **July 15, 2015**, which is the 45th day after the due date of the CCDR, will cause an **additional \$1,000.00 late filing fee** to be imposed for each report that is filed late.

If you have any questions related to the reporting requirements or form completion, please do not hesitate to phone 404-612-7020 and request assistance.
