PERMIT FEE \$ _____

DUE DATE: _____

DATE RE'D: _____

CHECK NO: _____

*The permit fee is determined by the type and number of pretreatment systems the generator has on site as stated in County records. County records are updated annually. If a commercial waste generator disagrees with their permit fee assessment, they can request a site inspection by the County for a fee of \$50.00. The \$50.00 fee **will not** be deducted from the annual permit cost. **Permit fees are due March 31st of each year, with a 25% penalty occurring after March 31st.***

INSTRUCTIONS FOR COMMERCIAL WASTEWATER PERMIT APPLICATION

1. Commercial wastewater application must be filled out by **owner, or Georgia registered agent** of the commercial or industrial business.
2. **SECTION - 1**
Facility Information – name of the facility; contact name for facility, such as owner, operating manager or designated personnel for facility location.

Mailing Address – state **SAME** if all mail and important documents are sent to the facility location.

Owner/Corporate Information – owner or corporation responsible for store. **Do not** list the business address or telephone number as owner /corporate information unless this is the corporate location. If the business is owned by a single person, then home address and telephone will be listed here. If the business is owned by a corporation, then list corporate address, contact, and telephone.
3. **SECTION - 2**
Commercial Waste Pretreatment System – fill in all information that applies to the type of system that is installed in business
4. **SECTION – 3** - state type of business such as restaurant, church, car/truck wash, school, grocery store, etc. List any previous restaurant names if known and indicate provider of water and sewer service. Facilities with **interior grease traps only**, if additional equipment has been added or renovation has occurred, list new equipment on separate sheet of paper.
5. **SECTION - 4**
Commercial Transporter Service – **the pumping company that cleans the grease trap or oil separator.** The transporter must have a FOG permit number and it must be listed in this section. Request that information from the transporter you select for service.
6. **SECTION - 5**
Grease or Waste Oil Recycle Company – food service facilities will list the company that picks up their fryer grease or waste oil. Car maintenance shops will list the company that picks up their used waste oil from oil changes. If the recycle company is the same vendor that cleans or maintains your grease trap or oil separator, just state **SAME** in this section.
7. Print name and title, sign and date the commercial waste application once you have completed the form. Make sure you read the statement to provide accurate information when completing the commercial wastewater application. **The application must be signed by the owner of the business or the registered business agent. The business agent must be registered in the state of Georgia.** Any applications signed by the registered agent must provide the agents address, telephone number; no P.O. Box addresses are allowed. All signatures must be **original and signed in blue ink**. No faxed or computer generated signatures will be accepted. Please be advised this is a **legal document**. Keep a copy for your records
8. If the commercial wastewater application form is not filled out correctly, it will be returned. No permit will be issued without completing the application. **All payments must be in the form of a check or money order and made payable to Fulton County/Department of Public Works**
