** Background check results may impact availability of training in these specific areas

Occupational skills training will be provided for “Demand Occupations” in industries that are stable or growing. “Individual Training Accounts” will be provided for lower-tier training for eligible individuals as long as the requested training is in a “demand” occupation. Skills training will not be provided in declining industries. Certifications for lower-tier certifications such as A+ and Net+ will be reviewed on a case by case basis. Training will not be provided for careers with commissions and fees (to include real estate, cosmetology, massage therapy and nail technicians).

The listing of current Georgia WIA Eligible Providers may be viewed at www.gcic.edu/gawia. All Providers approved as Georgia WIA Eligible providers may not be eligible providers for Fulton County. Your Advisor will provide the Fulton County Eligible Providers List.

1. **Green Technology encompasses many occupational categories and may include but is not limited to: research, development, and manufacturing of sustainable material/products, installation of eco-friendly and sustainable devises/systems, developing and producing alternative energy sources and products, recycling/reuse technologies. Skills Training involving “green” technology will be assessed and approved on an individual basis and consistent with current labor market demands.**
2. **Intermediate or higher level IT training requires previous verifiable IT related work experience and related “Prove It” Assessment**
3. **Black Belt training will be provided only to those holding Green Belt Certification. Combo package (Green and Black) approved on case by case basis with extensive work related experience.**
4. **Project Management Certification training requires extensive previous full scale project management experience, validation of experience required for certification, and Project Management “Prove It” assessment required for training approval**
5. **Due to the continued slowdown in residential and commercial construction, occupational training in Structural Work will be reviewed individually. Construction projects related to American Recovery and Reinvestment Act (ARRA) activity will be monitored.**
