Investing in Impact. Strengthening Our Community.

2026 COMMUNITY SERVICES PROGRAM

About the Community Services Program

The Fulton County Community Services Program (CSP) is the County's primary funding mechanism for investing in nonprofit organizations that deliver direct services to residents. Administered by the Fulton County Community Development Department and overseen by the Board of Commissioners, CSP channels County General Fund dollars directly to the organizations doing the work — on the ground and in our neighborhoods.

Awards are made through a structured evaluation process conducted by the CSP Evaluation Committee, which reviews applications and recommends funding across seven defined service categories: Children and Youth Services, Disabilities, Economic Stability/Poverty, Health and Wellness, Homelessness, Senior Services, and Veterans Housing Programs.

2026 Program Investment

In 2026, the Fulton County Board of Commissioners approved \$5,363,958 in CSP funding, supporting 153 nonprofit partner organizations, as part of a sustained commitment that has now totaled nearly \$58 million invested in Fulton County communities since 2016.
