Discussion items:

#### I. 2017 Work Plan

- Provided an overview of meeting with Jeff Cheek
  - No definitive explanation of how role of Assessment Committee will change to reflect the HRSA recommendation of presenting data to the Planning Council to guide decision making

- How the recommendation is operationalized is up to the Assessment Committee
          - The question is what will change – what information would be most useful
          - Epi data can identify where services should be provided and the level of services needed
        - Planning body should always have access to data to make decisions on care – how to get into care
        - A lot of data are available
          - The data should be synthesized and decisions made on how to use the data
        - The committee should look at what is given to priorities
          - How often should those data be updated
          - Pascal, DPH, is willing to run whatever needed
        - Review the Philadelphia website
          - The plan pulls together what services provided
        - The committee should inventory data available and use those data to generate questions
      - The RWP is providing data to the Planning Council
        - Who is being served, services provided, and number served
        - Implementation plan
          - Numbers served
          - Changes in core continuum
          - Changes in health outcomes
        - Budget revision requests
          - Information regarding impact
      - Peer/Patient Navigation
        - Review in December
        - What to collect
        - RFA – Fulton County Bid Board, Ryan White Program
      - Needs
        - Identify gaps in services
      - Follow up
        - Secure and review documents and plans
          - Identify questions
          - Identify data needs
        - Generate strategies for extracting and presenting
        - Assessment committee to serve as repository and use data to generate recommendations
- Discussed and prioritized proposed studies
  - Needs Assessment

- Finalize tool in December
  - Jeanette and John review and edit document
- Evaluate implementation of navigation program
  - Steven will review RFA and original recommendation
- Disparities update
