Re: Petition Water

Dear Homeowner:

Enclosed is the petition water form. The signature of 51% of the Homeowners fronting the proposed water line is required before the petition can be submitted for Board approval. The form should be signed and returned to:

Fulton County Department of Public Works  
Project Engineering Section  
Fulton County Government Center  
Suite 6001  
141 Pryor Street, S.W.  
Atlanta, GA 30303

Homeowners would be assessed \$10 per foot of frontage for the construction of the petitioned water line. This fee is due from all property owners abutted by the petitioned water line at the time of completion of the construction of the proposed water line.

Separately, at the time of connection to this new public water line, a Water Connection Permit Fee is required. Finally, a physical connection would be needed to be made by a private plumber.

If you have any questions or need any additional information, please contact me at 404/612-7547 or Tim Mullen at 404/612-9564.

Sincerely,

Ray Wooten, Jr., P.E.  
Engineer Administrator
